

GIAN CARLO A. GONZALVO

24c San Isidro st. Santolan, Pasig City • 09217544941 • @giangonzalvo@gmail.com

SUMMARY

Aspiring Software Engineer with hands-on experience in full-stack development, embedded systems, and AI-powered applications. Skilled in building real-world systems involving automation, computer vision, and IoT. Strong focus on developing scalable and user-centric solutions.

WORK EXPERIENCE

Data Analyst Intern

February 2026 - April 2026

- Automated Excel workflows using Python, reducing manual processing time
 - Cleaned and transformed datasets with pandas to improve data accuracy
 - Built interactive dashboards in Streamlit for data visualization and reporting
-

PROJECT EXPERIENCE

Automatic Price Computer

- Built a computer vision system using OpenCV to identify products in real time
- Automated price calculation, removing the need for manual scanning

Automatic Pet Feeder

- Developed an IoT-based feeder with remote scheduling via web interface
- Integrated Arduino hardware with frontend controls and notifications

POS System

- Created a retail POS system using C# and SQL with inventory tracking
 - Designed database structure for managing transactions and reports
-

TECHNICAL SKILLS

- Python
 - JavaScript
 - JavaScript
 - pandas, OpenCV, Streamlit
 - C/C#
 - Arduino/Raspberry Pi
 - SQL
 - Git/Github
 - HTML/CSS
 - Excel
 - JavaScript
-

EDUCATION

Bachelor of Science in Computer Engineering

2022 - Present

- Rizal Technological University - Pasig
